FALL PASTIME
AGENT DESCRIPTION FORM

NAME OF AGENT: CAISSON 2a

Date: 1 May 1948

I. INTELLIGENCE VALUE

Case Officer: []

- A. Now: Economic and industrial policies of the Soviet Military Administration: production statistics for the Eastern Zone. Requires little briefing, because of business and professional background, to produce sound intelligence.
- B. There is an excellent possibility that Subject will retain the confidence of the Soviets under Fall Pastime, so that he may be expected to continue producing intelligence in the same fields as above. His usefulness is, however, restricted to the fields of economics and industry.

II. OPERATIONAL CONSIDERATIONS

A. Present Cover

1. Employment. Subject is at the same time head of an industrial concern and a technical advisor to the SMA. At least one and probably both phases of this cover would persist under Fall Pastime.
2. Living circumstances. Described by Caisson 1 as a good family man. Address unchanged from that already reported.
3. Social. Bourgeois-intellectual.
4. Financial. Under normal circumstances would be making a comfortable living from his factory. Now presumably receives material assistance from both Soviets and Americans.
5. Political. Sympathies lie with CDU, but joined SED in spring 1948 in order to hold his post with SMA. This Base gave him approval for joining.

B. Estimate of ability and willingness to fill the following roles:

Willingness	Role	Ability
Yes	Agent	Yes
Yes	Sub-Agent	Yes

III. TECHNICAL DETAILS CONCERNING RECONTACTING

After verifying that Caisson I and II have not been compromised, Caisson 2a could easily be located through his factory. Care should be taken not to compromise him, since he will probably continue under Fall Pastime to enjoy the confidence of the Soviets. Reference would have to be made to Caisson 2's real name in effecting contact. It is not considered advisable to arrange for a code word with Caisson 2a for Fall Pastime purposes.
